

Pappu Mishra

Senior PHP , React Developer

Email: arianpappu88@gmail.com

Phone: +977-9842574234, +977-9814848632

Location: Kathmandu, Nepal

Professional Summary

An innovative and experienced Senior Developer specializing in full-stack web development with expertise in **PHP** and **React.js**. I have successfully delivered projects in **e-commerce**, **education**, and **office management software**, incorporating advanced technologies like **Docker**, **AWS S3**, and **Firebase FCM**. I excel in server management, cloud solutions, and containerization, with hands-on experience deploying mobile applications on the **Google Play Store** and **iOS App Store**. My contributions include integrating **IRD e-billing sync**, optimizing application performance, and enhancing user experiences through innovative solutions.
